Who's Behind the Hotel Roter Ochsen?
The Theresiahaus foundation is an experienced social institution based in Solothurn. It supports, empowers, and trains people with disabilities. Find out more about the foundation at: www.theresiahaus.ch

Your Contribution to a Fairer Society
With your stay, you make a simple and tangible contribution to greater inclusion and sustainability. Comfort, quality and social responsibility come together to create an experience that will leave a lasting impression.

INCLUSION – Our Commitment to People with Disabilities

A stay at the Hotel Roter Ochsen means more than just comfort and hospitality. Our hotel stands for a clear attitude and lived social commitment. Since 1 January 2025, this historic old town hotel has been managed by the Theresiahaus foundation and operated as an inclusion hotel.

What Does that Mean Specifically?
We create jobs and training opportunities for people with disabilities. Our focus is not on limitations, but on each person's individual potential.

For us, Inclusion is Part of Everyday Life
We promote participation, equal opportunities, and shared commitment. As our guest, you will experience this first hand: through sincere, genuine service, personal encounters, and an atmosphere of appreciation.

SUSTAINABILITY – Certified and Awarded by ibex fairstay

Sustainability is not an empty promise for us, but a lived and proven reality. We are proud to be the first hotel in Solothurn to be certified with the highest distinction, ibex fairstay Platinum, by Switzerland's leading sustainability label for the hospitality industry.

What this Means for You
ibex fairstay stands for independently audited quality in management, ecology, social issues, regionality and finances. Our commitment is regularly reviewed and critically assessed by independent auditors.

Sustainability Means Taking Concrete Action
We are committed to organic and regional breakfast products, purchase meat exclusively at the butcher's „Regio Metzg" in Berikon and avoid waste-intensive individual packaging for breakfast and mini-packaging for personal care products. Our hotel is heated with district heating from the Zuchwil waste incineration plant. Furthermore, we pay wages at least 15 % above the hospitality sector's collective labour agreement.

Your Contribution to a Responsible Hotel Industry
With your stay, you support a hotel that consistently implements social responsibility, environmental awareness, and regional value creation.
